Passport

Enrich your summer!

Name: _____

Form: _____

One of the many pieces of advice and guidance given to us by colleges, universities and employers is that they want young people to have something to talk about in interviews. No matter where you go or what you do in life, you will end up having an interview and they will normally ask “Tell us something interesting about yourself”.

So, this summer...get out of the house. Do something interesting! Enrich your summer, step out of your comfort zone and try to do something you haven't done before. And if you are already planning to, log it here and win some early Epraise.

Fill your summer with FIVE experiences and record them in this enrichment passport and we will award you with FIVE Epraise stickers to start the year off in September.
