

## *Home learning during closure*

During this period of closure, students will be able to access learning from home. As students and their families are very familiar with Show My Home Work (SMHW) we intend to use this as the main communication and platform for setting all work. Alongside SMHW we will also be using Google Classrooms and a number of other online educational software packages that students are already familiar with.

Teachers will be setting work through Show My Homework on a weekly basis, with work being available each Monday. In the first instance, students should check Show My Homework to see the tasks assigned and their due date. From here, teachers may direct students to other online learning platforms.

Of course we understand that not all families will have access to internet or a device, so please get in contact with us to let us know if you need us to provide support through paper resources.

Details and support for SMHW and Google Classroom can be found below.

Should you be experiencing problems with logging on, or with any aspect of home learning, then please email: [admin@carletonhigh.patrust.org.uk](mailto:admin@carletonhigh.patrust.org.uk)

Your email will then be re-directed to a member of staff who will be able to support you with your query.

## *Show My Homework*

All communications about home learning will come through SMHW. If you have not previously accessed your parent account for Show My Homework and would like to gain access, or your child needs to double check their log in details, please email: [admin@carletonhigh.patrust.org.uk](mailto:admin@carletonhigh.patrust.org.uk)

## *Google Classroom*

We also have use of 'Google Classroom,' an online school platform that gives staff and students the capability to share work both ways. Students can submit work for checking as well as receive it. All students have a Google Classroom account; all Year 7 and 8 students and many Year 9-11 students already use it regularly. It also allows students to use Word, Excel, Publisher and other programmes, All work will continue to be set and explained on Show My Homework, but some subjects will direct students onto Google Classroom. If school is closed for an extended amount of time, Google Classroom will become crucial in supporting quality on-line home learning.

All student login details for google classroom are [fullname@carletonhigh.co.uk](mailto:fullname@carletonhigh.co.uk) eg, [joebloggs@carletonhigh.co.uk](mailto:joebloggs@carletonhigh.co.uk). Students should know their passwords, but again, if they need any support, email [admin@carletonhigh.patrust.org.uk](mailto:admin@carletonhigh.patrust.org.uk)

## *Tutor Time Home Learning*

In addition, we've issued Year 7 and 8 students with a tutor time curriculum booklet with a range of activities for them to choose from linked to wellbeing, working at home, the modern world, and our communities. This is also available on Show My Homework for all students to access if they wish.
