OUT OF LESSON WORK
TERM 1
ART
YEAR 11

PONTEFRACT
ACADEMIES TRUST

WARRIOR ARTS

Hand in Date: Week beginning 4th November 2019

Instructions:

- **Complete all tasks** in this booklet
- **Work on A3 paper**, in a sketchbook
- Use images provided and where possible, **take your own photographs** instead
- Use a **range of different media** (Art materials) – Home Bargains, Poundland and Wilko are ideal places to buy a range of good value items for the course
- **Annotate** your work clearly
- Use the **YouTube channel – Pickering's Portfolio** for videos to help with the pages and annotation
- Use **Show my Homework** to keep up with homework and message your teacher for further help
- The first few pages have example layouts, reproduce these layouts for pages without examples

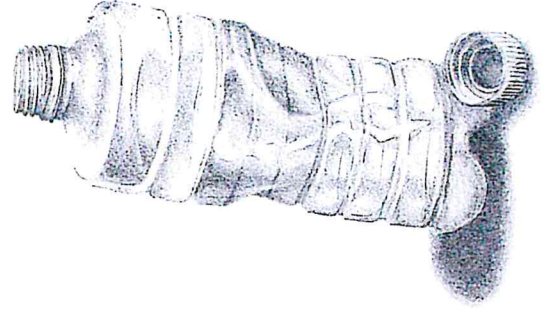

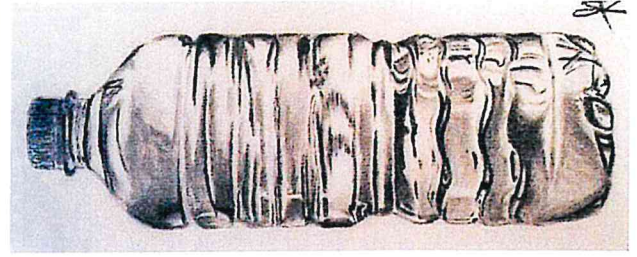

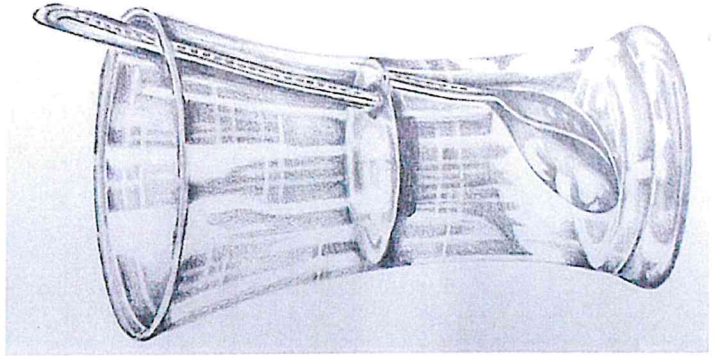

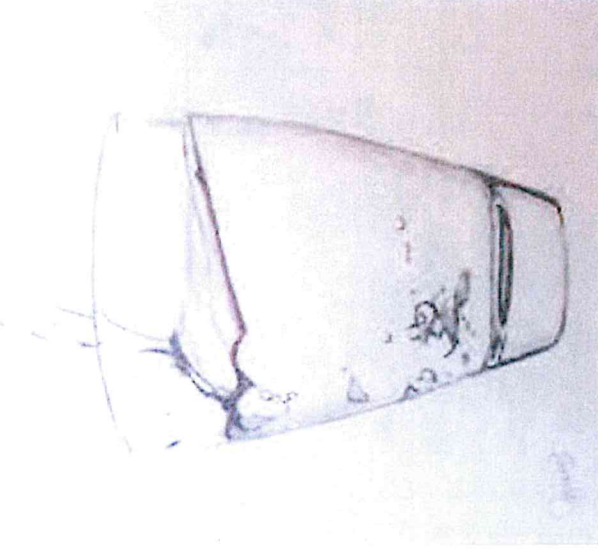

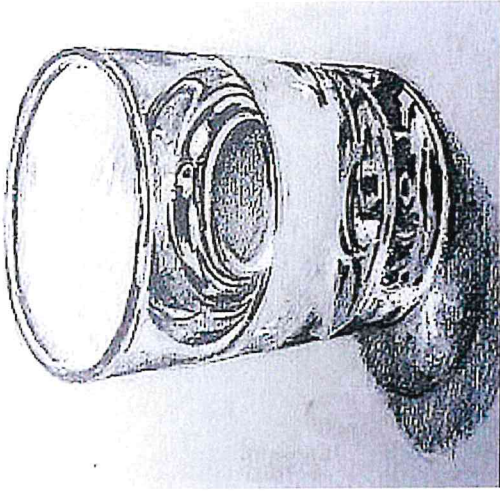

Water Vessels

Look at Water in clear vessels such as Glasses, Bottles, Jars and complete the following

- One drawing of a glass of water with something in it, such as a spoon or straw.
- One drawing in biro pen, again of a vessel of water with something in
- Draw a vessel and shadow, using colour pencil or watercolour, looking at the shapes the water makes
- Write a title 'Water in Vessels' in a watery style
- Annotate your work using the key sentences
- Stick in images you find, or even your own photo experiments (higher marks)

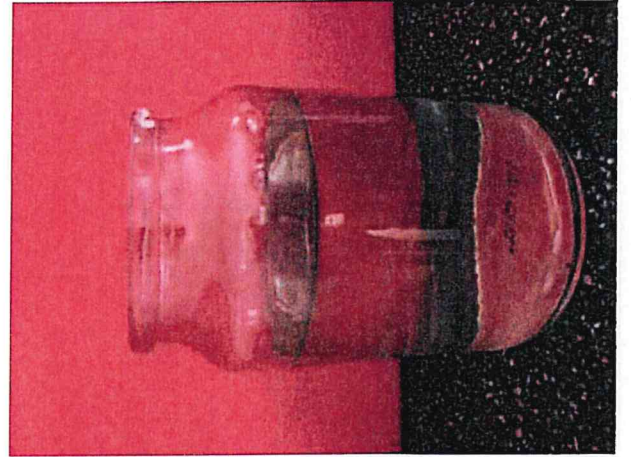

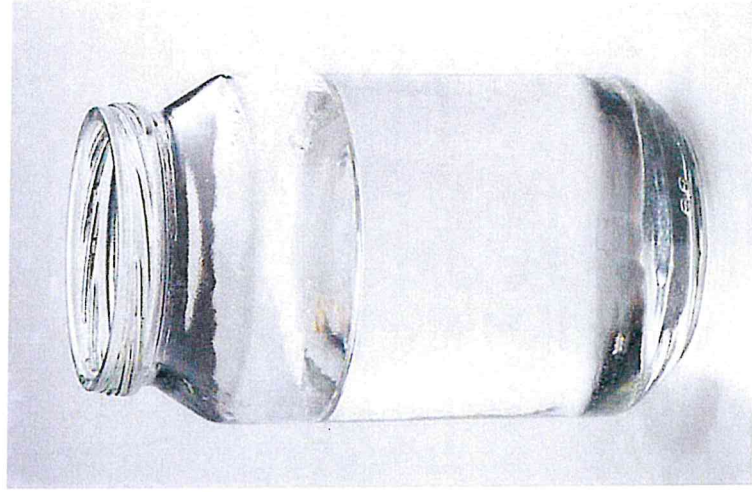

Sentences for Annotation:

Sentence starters:	Sentence endings
On this page I have looked at....	<ul style="list-style-type: none"> • Clear vessels with water in them • Glasses and bottles containing water
I was interested in	<ul style="list-style-type: none"> • Looking at refraction and reflections • The shadows water makes • How objects change shape in water
I have used	<ul style="list-style-type: none"> • Pencil tone to look at shadows in the water • Colour pencil to show light • Pen hatching to observe shadows • White spaces to show light reflections

ନିୟମିତ ନିର୍ଦ୍ଦେଶ

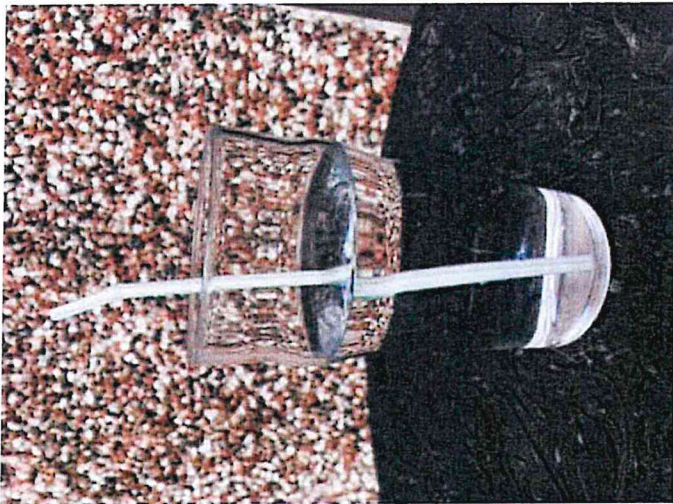

Use these images to draw from, to stick on your sheets, or as ideas for your own photographs.

WATER IN VESSELS

*On this page
I have looked at
reflections and
refractions made by
water in glass
vessels.
In vitrooted in the
shades and spaces light
creates in water.*

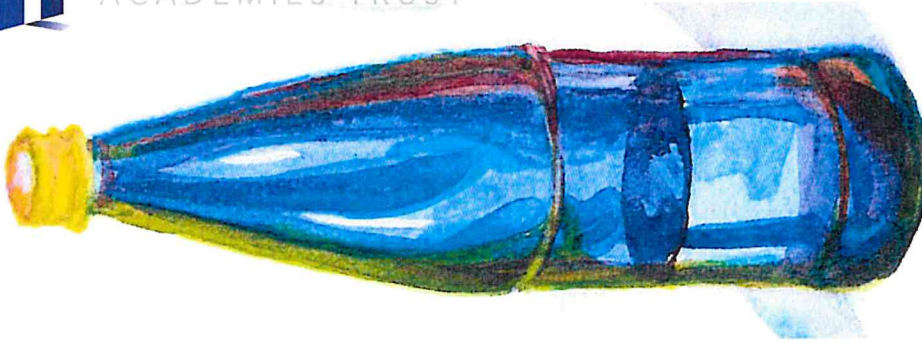

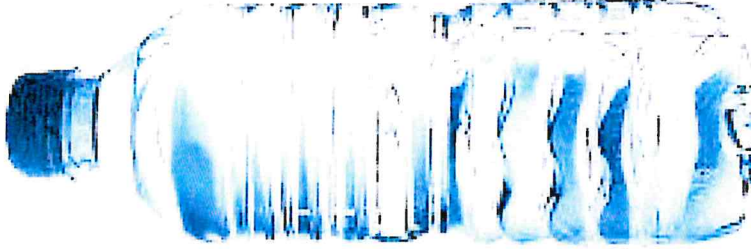

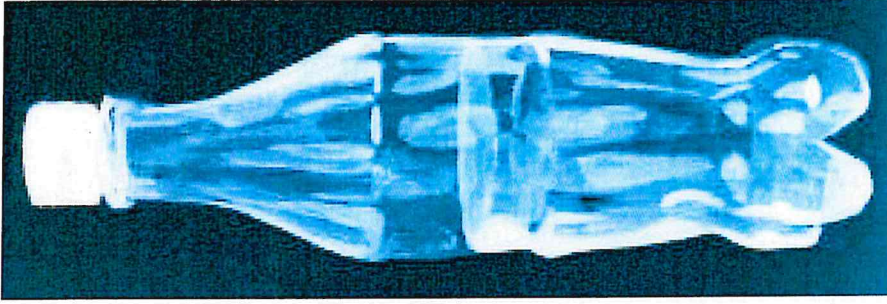

PAGE TWO

Explore drawing on different surfaces to explore reflection in water

- Draw a bottle on coloured paper, use watercolour or colour pencil to add the light reflections and shades
- Draw or paint a glass of water onto a reflective surface such as tin foil to look at shadows in water
- Draw on coloured paper using white media such as chalk, pencil or paint
- Stick in images of more water in bottles or glasses, take your own photos in front of coloured backgrounds
- Add annotations

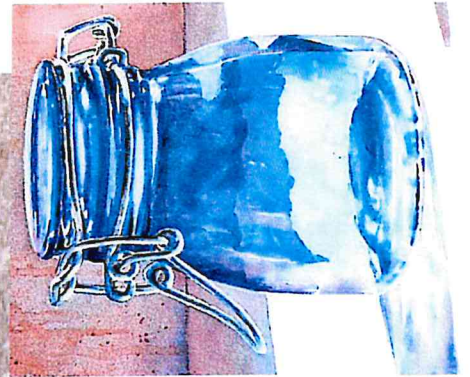

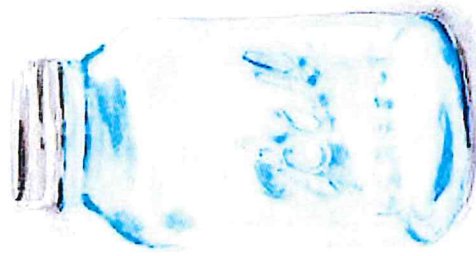

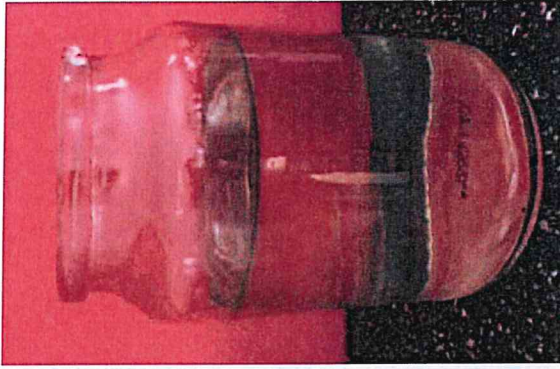

Sentences for Annotation:

Sentence starters:	Sentence endings
On this page I have looked at....	<ul style="list-style-type: none"> • Light and colour in different vessels • How light reflects in water • How colour changes in water
I looked at / I took photos of	<ul style="list-style-type: none"> • Different shapes of bottle/jars etc • The reflections and colours in water
To recreate this effect I	<ul style="list-style-type: none"> • Drew/painted/coloured on top of surfaces such as..... • I recreated the light and colours using..... • Worked on top of coloured paper to capture different colour shades

କ୍ଲେୟର ନିର୍ମିତାବଳୀ

Use these images to draw from, to stick on your sheets, or as ideas for your own photographs.

EXAMPLE PAGE

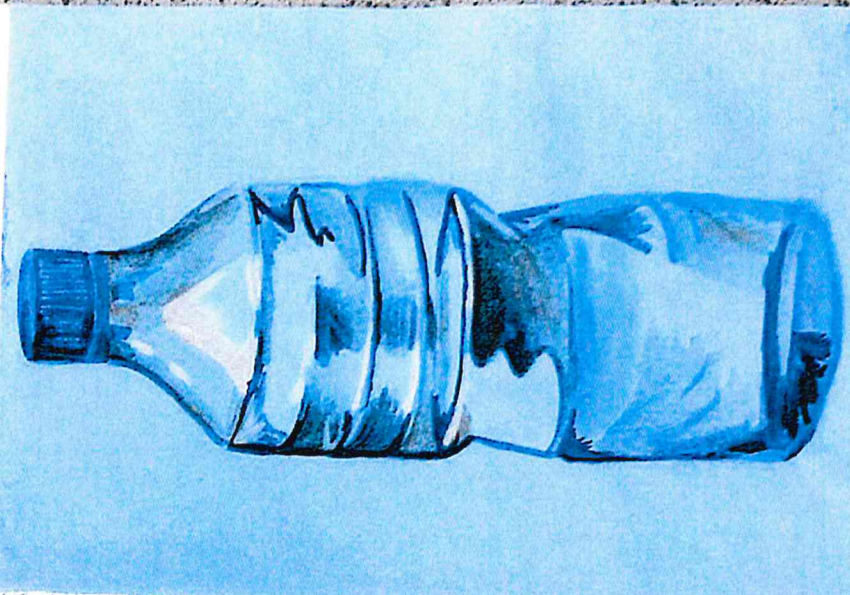

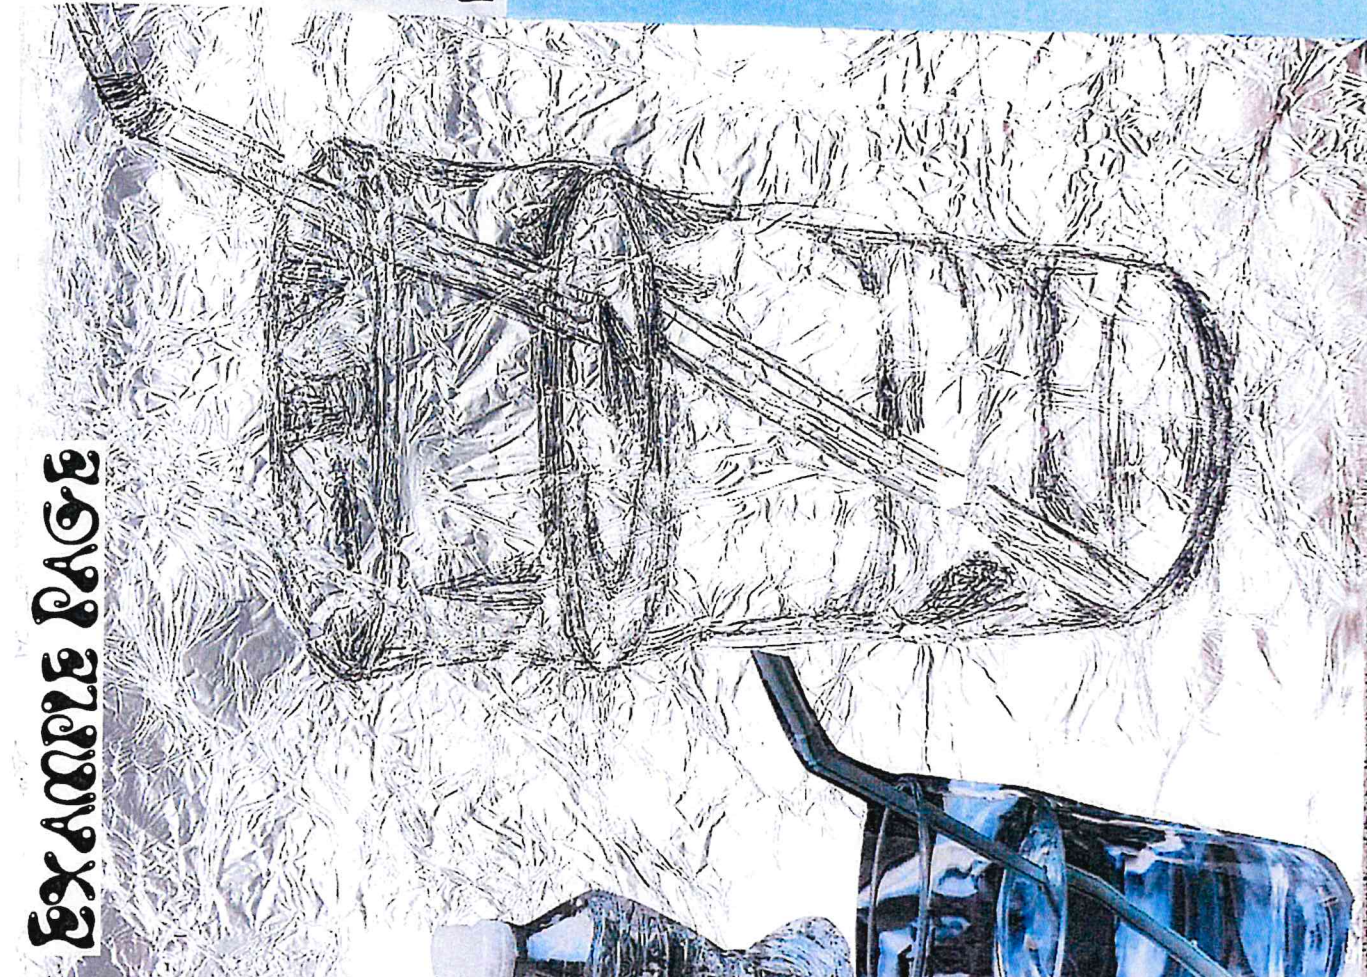

Exploring Reflection.

I continued to look at the shapes created by light in different vessels.

I photographed different bottles, jars and glasses. I used tin foil to enhance the reflection.

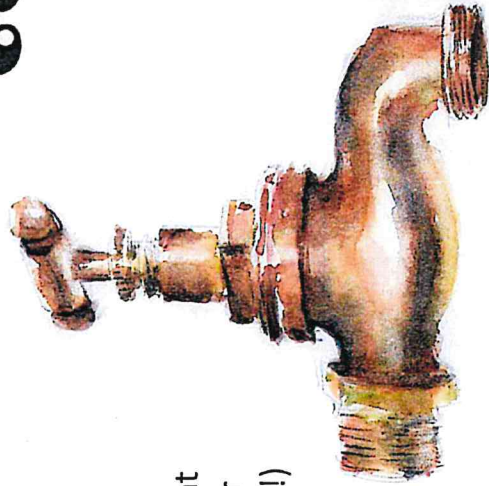

To recreate this I've drawn on tin foil with biro, looking at shadows and using the creases in the foil.

Below I have used watercolour on blue paper to focus on light reflections

PAOE TMSDE

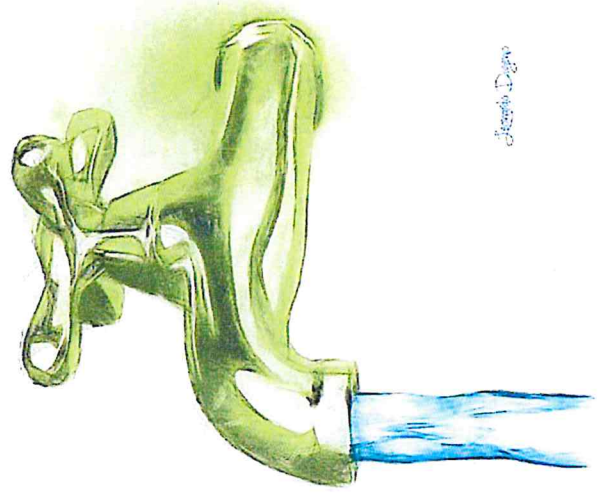

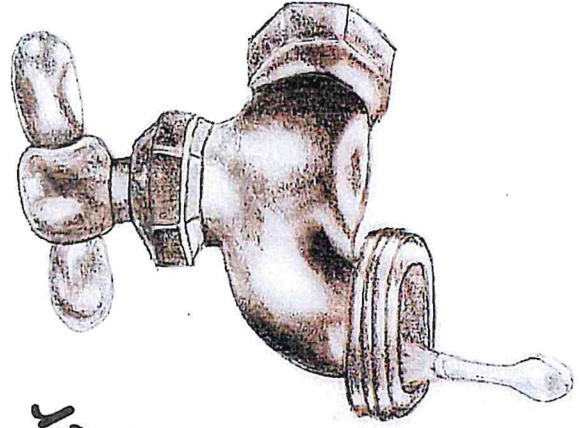

Look at Taps with water. Take your own photos of taps in your house and garden. Take your own photos of taps for much higher marks. Try to find taps with water dripping: Draw the following

- A drawing of a brass tap with water, using media for colour, such as colour pencil or paint
- Draw a brass tap on brown paper using colour pencil (Primark bags are brill for brown paper!)
- Draw a shiny chrome tap using pen to record light and dark sections
- Draw a chrome tap using pencil tone
- Add a title 'Taps'
- Add annotations

Sentences for Annotation:

Sentence starters:	Sentence endings
I have explored	<ul style="list-style-type: none"> • The shapes of different taps • The colours of taps • Reflections and colour of taps
I have explored colour using	<ul style="list-style-type: none"> • Colour pencil /watercolour to blend colours • Brown paper and colour pencil to deepen colour
I have used	<ul style="list-style-type: none"> • Pencil tone to look at shadows and reflections in the chrome • Pen to record the darker tones in the chrome • Smooth media to recreate the texture of the chrome.

ଆମର ବିଷୟବସ୍ତୁ

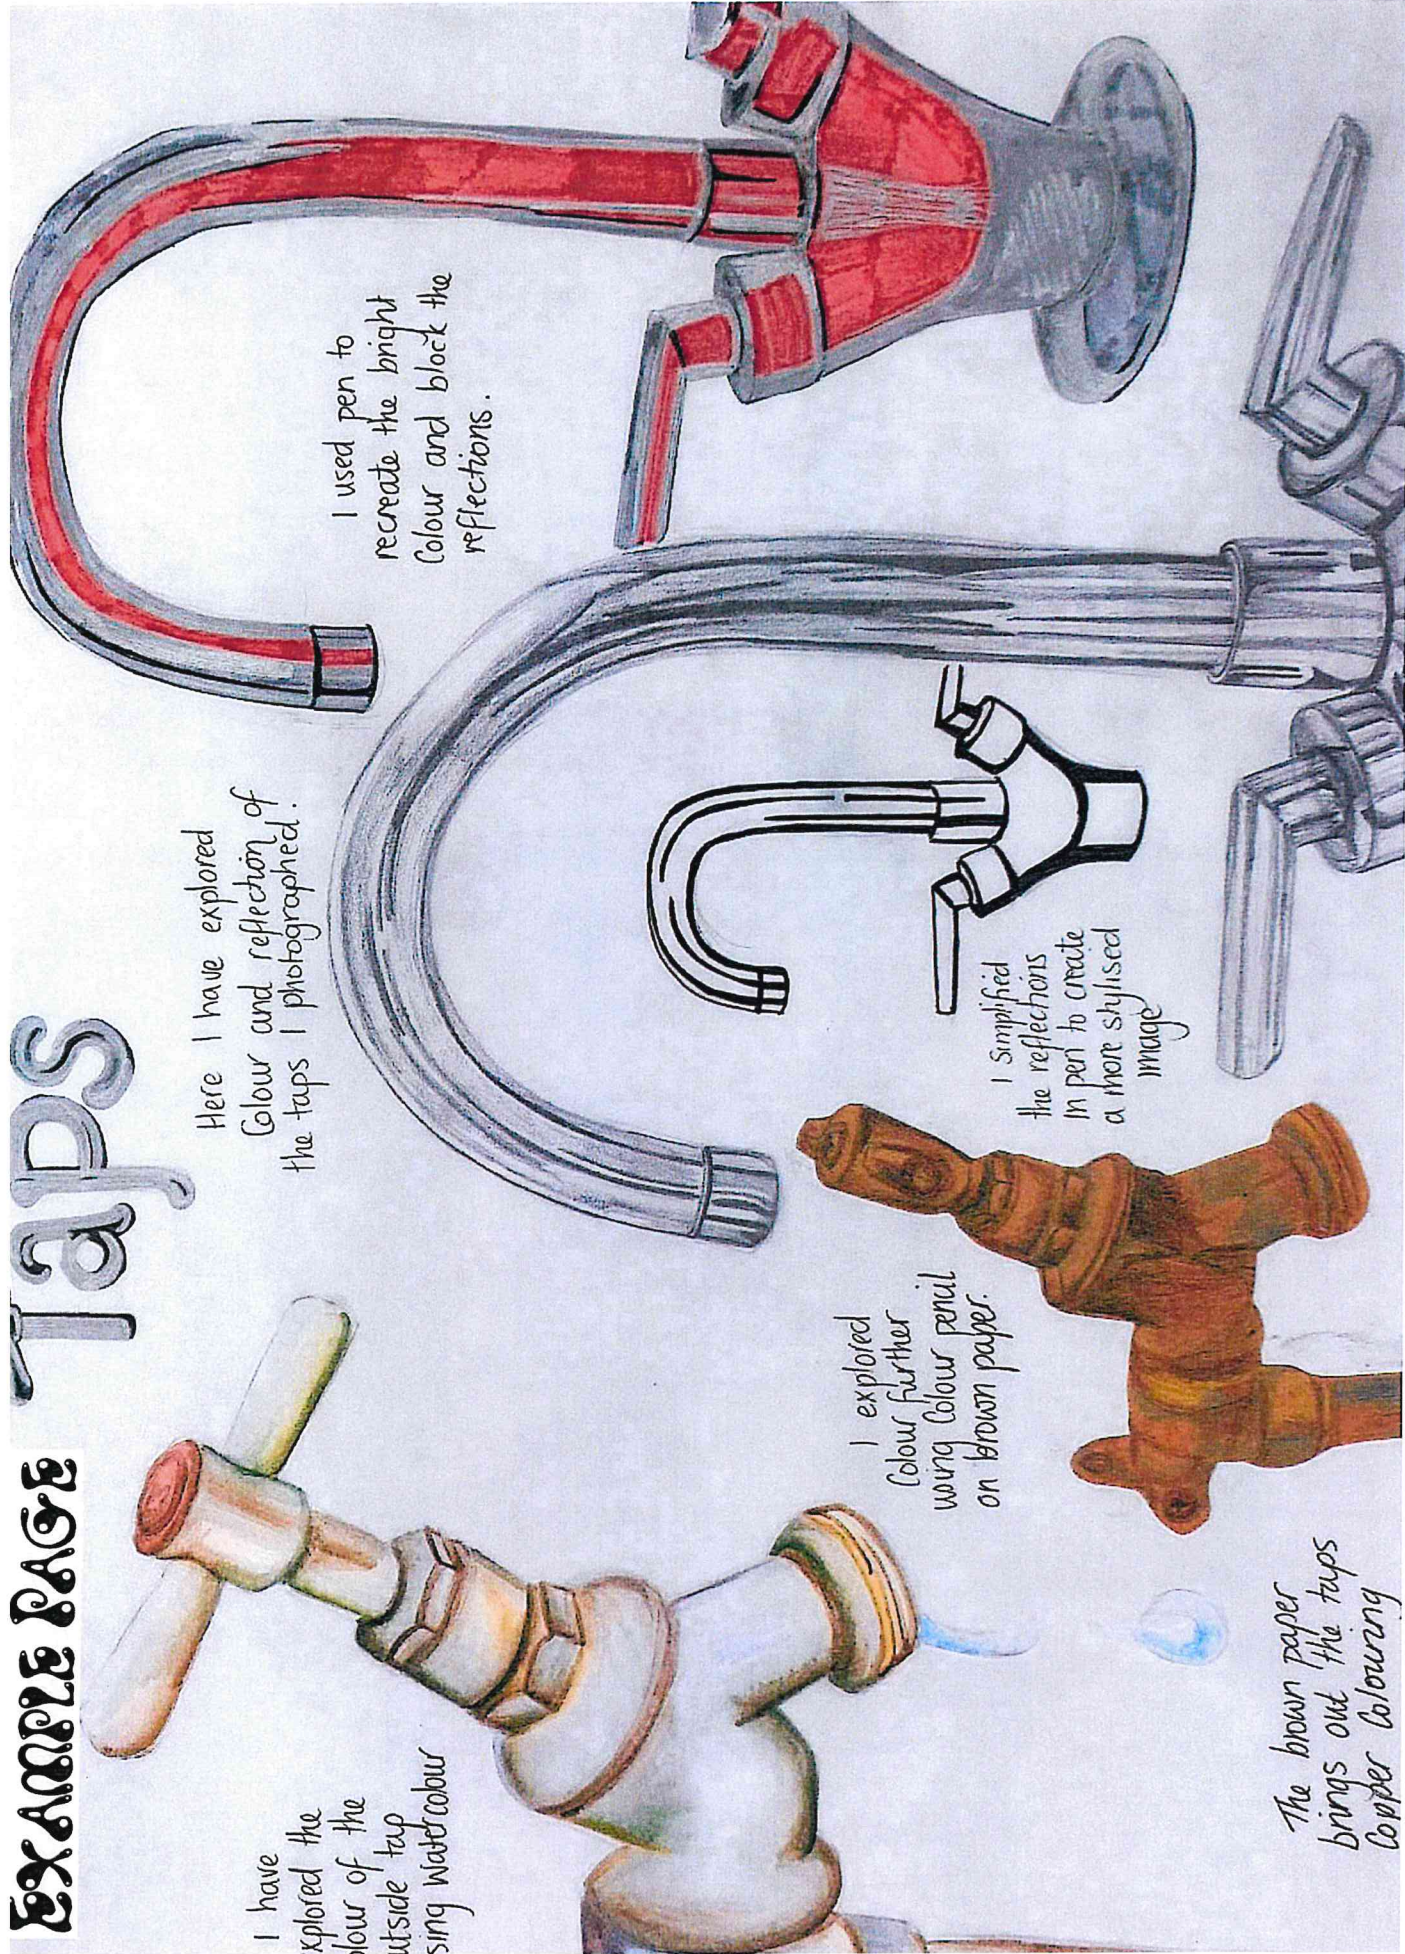

Use these images to draw from, to stick on your sheets, or as ideas for your own photographs.

EXAMPLE PAGE

TAPS

Here I have explored
colour and reflection of
the taps I photographed.

I used pen to
recreate the bright
colour and block the
reflections.

I simplified
the reflections
in pen to create
a more stylised
image

I explored
colour further
using colour pencil
on brown paper.

I have
explored the
colour of the
outside tap
using water colour

The brown paper
brings out the taps
copper colouring

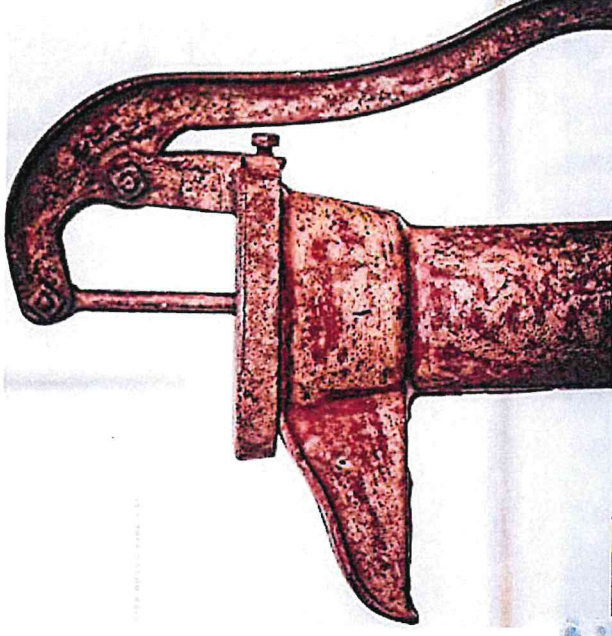

BASE FOURS

Create a page of tap image research. Where possible, include your own photographs. Concentrate on different tap shapes.

If you do not take your own photos, draw at least three different tap shape images

Pay attention to presentation, cut away background on images. See Example page

- Add a title 'Taps Research
- Add annotations about the images you have collected.

Sentences for Annotation:

Sentence starters:	Sentence endings
I have collected	<ul style="list-style-type: none"> • Different tap images, concentrating on shape. • Various images exploring shape and colour
I have found	<ul style="list-style-type: none"> • The colours of the taps interesting • The reflections on the taps interesting • The colours of older taps interesting as they weather.
I have used	<ul style="list-style-type: none"> • Media to explore the different colours of outside taps • My own photos to show some taps in my house • Different colours to explore reflections in the taps.
