Dear Parents/Carers,

Re: New Build School

We are very excited to inform you that after Easter works will commence on our brand-new school. As previously communicated the Government have awarded the school a brand new 3-story building. The Department for Education and Morgan Sindall (Contractor) have this week completed the contract and therefore the works can now begin.

The new building will be developed on the existing tennis courts, meaning limited disruption and impact to current buildings. Over the course of the work, pupils will be able to attend school as normal in the current buildings, the project team are expecting no disruptions to learning or **impact on any examinations**.

Attached to this communication is the first of a termly newsletter that Morgan Sindall have produced for the school community. Through the newsletters they will share key information and milestones over the course of the build.

We will keep our students, parents and carers informed throughout the process. Thank you for your continued support.

Yours sincerely,

Mrs Shariff
Headteacher
