Dear Parent/Carer

Year 9 Assessments

I am writing to inform you that Years 9's end of year core assessments will take place from **Monday 3 June to Friday 14 June 2024**. These assessments will provide class teachers with in-depth information regarding your child's progress and their understanding of the subject. They will also be used to support your child to improve in any areas required.

Core Assessments consist of an assessment in English, Maths and Science and these will take place in lessons. Subject teachers will inform students exactly which lesson during the three-week window their assessment will be. This will help students prepare and structure their revision.

Student Preparation

In the run up to the assessments, class teachers will provide your child with guidance on what to revise and where to revise from, form tutors will also be delivering information about these assessments including about how to revise and prepare.

Staff from the SEND department will be working closely with teachers to ensure that any students who require additional support in their assessments will receive this.

Results

Following the assessments, students will receive their results in their lessons. They will also be provided with next steps to ensure they know which questions they performed well on, plus areas to work on and improve any gaps in their knowledge. You will be provided with a report towards the end of the year indicating your child's progress in each subject.

If you have any queries regarding these assessments, please email admin@carletonhigh.patrust.org.uk

Yours faithfully

Mr M Loftus
Assistant Headteacher
